42. 42.	Multi-agency communication. A. Can you communicate by radio on an incident scene with your local/state/federal emergency response partners
	(includes frequency compatibility)? (Check one)
9/4260 43.	B. If yes to 42A, how many of your partners (agencies/departments) can you communicate with at an incident scene? None (0%) Few (1-25%) Some (26-50%) Many (51-75%) Most (76-99%) All (100%) Don't know
,434	A. Who has the primary responsibilities (i.e., public safety answering point (PSAP)) of answering 911 calls? (1) PSAP that answers police, fire and EMS calls (2) PSAP that answers fire and EMS calls (3) Police department (4) Fire department (5) Private company
943b	
N43C	C. Does the 911 center that processes the fire call typically have one person that processes and dispatch the same fire call?
9,434	D. If no in 43C. Does the 911 center that processes the fire call typically have at least 2 people on duty at all times? Yes No. sometimes we cut back to one person on duty
443c	E. Do you also have a backup dispatch facility? (Check one) Tyes TNo

PART VI. Ability to Handle Unusually Challenging Incidents

Each question is based on an example incident. We want to know whether you have enough local resources to handle such an incident, and if not, how far you would have to go to obtain sufficient resources. Both the type and the size of the incident are specified to give you something specific to react to and a challenge that will often need more than local resources.

44.	
É	catastrophic event such as an earthquake or tornado:
\$	A. now let would you have to go to obtain enough people with specialized daming to this measure. (Check one) D Local would be enough Regional D State National
944	B. How far would you have to go to obtain enough specialized equipment to handle this incident?
7	(Check one) $\bigcap_{i=1}^n Local$ would be enough $\bigcap_{i=1}^n Regional$
44c c	C. Do you have a plan for obtaining assistance from others on this type of incident? (Check one) \square Yes, written agreement \square Yes, informal \square Yes, other (Specify) \square No
